Dear Alison,

On behalf of the Commission on Disability I want to thank you for your most generous gift of \$ 500.00 to be used by the Commission On Disability to produce a 4 plus minute video on NARA and people who are experiencing a Disability.

I think it would be best to make the check out to the "Town of Acton" and passed along to Christine, Don Johnson's secretary. The Selectmen (and Woman) will then need to "accept" it as a gift to be used exclusively by the COD for the video.

I think this new video will make a fine companion piece for our Acton Arboretum video. Again, Thank you for your kindness and generosity.

George J. Lussier
Vice chair
Commission On Disability
